**Department of Industry
Tourism and Resources**

Department Of Industry, Tourism & Resources

The FRANK Team worked with the Federal Government Department of Industry, Tourism & Resources to develop a one-day workshop format focused on **innovation & entrepreneurship education** for Years 9 – 12. This workshop was designed to build the students awareness, interest and understanding of entrepreneurship & innovation as well as to develop their skills in these areas. FRANK Team facilitators then presented these workshops around Australia in over 70 schools thanks to the Department.
